

BREECHES SIZING

All breeches are sized by waist measurement and increase in 2" increments

How to choose your size?

Please measure the circumference of your waist, by placing the tape measure above your hips and wrapping it all the way round.

If you are between two sizes

If you like a tight fit, order the size as per your measurement. If you prefer a loose fit then order one size larger.

If your inside leg measures more than 18".

We advise customers to consider ordering the long range breeches. Long sizes are only available in 800N TEAM range, these give an extra 2" on the length of the legs. * Please note standard Leon Paul breeches are long enough to fit people up to 6' 4" tall so very few people actually need long breeches.

MENS

Size	To fit waist	Inside seem length
30	72 - 77 cm / 28 - 30"	45 cm / 17.5"
32	77 - 82 cm / 30 - 32"	46 cm / 18"
